PRE WASH

PERFECT WASH

Its new formula is twice more powerful than that of any monocomponent pre-wash product. No other car cleaning product is so powerful. It can be used safely on the delicate parts of cars; does not damage aluminium or plastic parts on any car. You'll be free to wash cars in total safety, without worrying about the weather or the brand of the car you are washing.

PACKAGING	CODE	Dilution	Manual: 1:50(2%)bodywork 1:10(9%)rims 160-250 ml/car (touchless) Self-service systems: 80-160 ml/car

EXTERIOR

X-PROTECTOR

It polishes and gives long-lasting protection to glass, windows, ceramic, plastic and solar panels.

The sealant is a product made from latest generation raw materials and has a long-lasting effect on the treated surface. Its active ingredients penetrate into the surface's micropores and provide sound protection that will help water slide, thereby preventing dirt from building up and making surfaces easier to clean. Provides a self-cleaning action on sloping surfaces.

PACKAGING	CODE	Dilution
JERRY-CAN 5 kg	77197	Automatic: 10-20 ml/m ²
1 L Bottle	76861	

NEW TYRE

It polishes, protects and revives tyres. The product protects from cracks and atmospheric agents and gives a look like New Tyre. It does not leave grease and is not sticky. Also suitable for cleaning rubber mats and bumpers.

PACKAGING	CODE	Dilution
JERRY-CAN 5 kg	79048	Manual: Pure 1:3 (100%-25%)

TYRE SHINE

Polishes, nourishes, protects and enhances the colour of any kind of tyre with a moderate shine. Thanks to its special formula, it ensures an effective, long-lasting action.

PACKAGING	CODE	Dilution
JERRY-CAN 5 kg	71700	Manual: 1:3

TYRE SHINE EXTRA

This softens every type of tyre, providing a "mirror" polish
Main characteristics:

- It adds an extra glossy "plasticising" effect.
- Long lasting, even in the rain.
- Even after various days.
- Softens, protects and preserves tyres with a "lotus" effect
- Limits adhesion of dirt.
- Leaves a "wet-glossy" effect in tyres.

MULTICYD SANY FOG

HYGIENISING PURIFIER FOR THERMO-FOGGING SYSTEMS.

This is a decontaminant for atmospheric use with a pleasantly scented dense smoke. Ideal to clean surfaces quickly and provide deep hygiene, leaving vehicles, offices, homes, factories and gyms looking shiny and smelling nice. Also particularly effective for those seeking deep hygiene by removing, together with dirt, germs and bacteria - substances causing unpleasant odours - from fabrics, faux leather, skis, dashboards, and desks. The active ingredient does not contain aldehydes, halogens and is also suitable for food-processing environments with indirect contact with food.

POLISHES

A1

ALL IN ONE

CUT&POLISH: REMOVES DEFECTS AND GIVE HIGH GLOSS DEFINITION.

All in one is quick and easy, designed for those looking for a all-in-one product. Its advanced technology offers excellent performance to remove scratches and oxidation combined with a low level of dust and an incomparable finish without marks and hologram effects.

DIRECTIONS FOR USE:

Apply a small portion on a **medium-hard orange pad** of a rotary (or roto-orbital) polisher. Start with 800 rpm and increasing up to 2000 rpm. To obtain a superior shine and remove the swirls, simply continue the treatment. Remove the product with a microfibre cloth.

G1 GLOSSY

FAST ULTRA POLISHING WAX.

Revolutionary wax that is quick and easy to apply, without leaving marks or stains. Its formula guarantees a deep mirrored gloss on paint thanks to the combination of waxes and nanopolymers. Glossy protects any surface and conveys a water-repellent effect. Treated parts can be recognised when touched, due to an incredible "silk effect".

DIRECTIONS FOR USE:

Apply a moderate amount on a microfibre, applicator or on a **soft black pad** with a roto-orbital polisher with a low rpm value. Leave to dry and wipe off with a cloth.

HOBBY LINE

CLEAN WHEEL (LEGA)

SPECIFICALLY DESIGNED TO CLEAN THE RIMS.

Does not damage surfaces and restores a clean, glossy finish. Leaves a protective antioxidant film, it is also effective on dirt deposits on brake linings, brake pads and stubborn dirt.

DIRECTION FOR USE

Spray onto dry surface and rinse, possibly with high pressure water or wipe with a sponge and rinse.

PACKAGING	BOX	CODE
750ml	6 pcs	70864

6 FOR 1

6 PRODUCTS IN 1: IT CLEANS, REVIVES AND PROTECTS LEATHER, FABRICS AND HARD SURFACES.

The only product that carries out six actions all in one: it cleans interiors and exteriors, revives them without leaving grease marks, provides protection from UVA rays, removes dust, stains from fabrics and leaves a long-lasting fragrance. It can be used on fabrics, plastic and hard surfaces.

DIRECTION FOR USE

Spray Six for one 15 cm away evenly on surfaces, then spread the product with a cloth. If applied on fabrics, rinse with a damp cloth. When used on bodywork, apply until it dries.

PACKAGING	BOX	CODE
750ml	6 pcs	75268

BLACK SHINE (GOMMALUX)

CLEANS AND PROTECTS TYRES AND BUMPERS.

Restores and polishes tyres without leaving grease marks. Its innovative components penetrate the micropores preventing cracks due to ageing.

DIRECTION FOR USE

Clean and dry the area to be treated. Spray the product and even it out with a sponge. Do not apply on the tread.

PACKAGING	BOX	CODE
750ml	6 pcs	70868

GLASS REFLEX

IT CLEANS DEEPLY GLASSES, CRYSTALS, LACQUERED AND PLASTIC SURFACES, AND DOES NOT LEAVE ANY HALO.

This detergent is especially prepared for cleaning any glasses windshields, and guarantees their perfect transparency for maximum security. Eliminates any deposit of nicotine, grease, dust, smog, etc, without leaving any halo.

DIRECTION FOR USE

Spray the surface you need to clean with a dry cloth.

PACKAGING	BOX	CODE
750ml	6 pcs	70866

LUSTRA TOUCH

INNOVATIVE 3 IN 1 PRODUCT: WAX, POLISH AND PROTECTIVE EFFECT IN A SINGLE PRODUCT THAT INCREASES SHINE BY MORE THAN 30%.

Its strong water resilience considerably enhances the wax effect. Its protective action counters dirt deposits. It protects plastic and aluminium parts of the bodywork.

DIRECTION FOR USE

After cleaning the car and rinsing the vehicle, spray the undiluted product on the whole car or on part of it. Use a clean cloth to dry the whole car or the part where you applied the product with circular movements. You can also spray the product on the car and then rinse with water without drying the vehicle.

PACKAGING	BOX	CODE
750ml	6 pcs	75215

LUSTRA DRY

2 IN 1: WATERLESS DETERGENT AND POLISH.

Nanotechnological product to clean and refine car surfaces without leaving marks. It removes dirt, white marks, limescale residues and traces of insects. Thanks to its polishing and protective action, it adds extra gloss without leaving grease marks and creates a waterproof effect on windows and bodywork.

DIRECTION FOR USE

Spray the product 15 cm from the vehicle or the desired surface. Then use a cloth to remove the dirt until the surface is completely dry and excess product has been removed.

PACKAGING	BOX	CODE
750ml	6 pcs	75016

LUSTRA WAX

NANOTECHNOLOGICAL PROTECTIVE TREATMENT.

It creates a protective film on the car that protects it from any kind of weather, including acid rain, sun and sea salt. Protects plastic and aluminium parts of the bodywork, leaving it feeling smooth and with an amazing silky effect.

DIRECTION FOR USE

Apply the product undiluted with a cloth over the entire car, ensuring that it reaches all parts of the bodywork. The product can be diluted in water and then applied to the car using a pressure sprayer or sprayer bottle. The maximum recommended dilution is 1 litre of product to 25 litres of water. Protective film becomes effective 3 hours after treatment.

PACKAGING	BOX	CODE
750ml	6 pcs	73497

DOUBLE SKIN

WATER AND OIL-REPELLENT TREATMENT WITH A NANOTECHNOLOGICAL BASE.

Nanotechnological solution to protect any kind of fabric: Double Skin creates an extra thin breathable film that lasts over time and that can seal fibres and prevent dirt from penetrating into it.

DIRECTION FOR USE

Spray Double Skin directly on the fabric, 15 cm away and at least two consecutive times after it has been absorbed (once every 24 hours). Fabrics can be ironed after application. The consumption of Double Skin can vary from 20 to 50 ml per m², depending on the porosity of the fabric. The whole bottle allows to protect from about 10 m² to 25 m² of fabric.

PACKAGING	BOX	CODE
600ml	6 pcs	75277

DASHBOARD POLISH

ACTIVE POLISHING FOAM TO PROTECT AND ELIMINATE UNPLEASANT ODOURS FROM DASHBOARDS AND PLASTIC PARTS.

Aktiv-E Dashboard Polish is a mix of fine substances with added enzymes to nourish, protect and eliminate unpleasant odours from surfaces, while preserving colour and original appearance. Its special enzymatic molecules penetrate plastic parts and continue to eliminate odours and break up organic dirt even after the application to convey a feeling of a clean and hygienic environment. It protects the dashboard and plastic parts from UV rays and revives them in time with an anti-static effect.

DIRECTION FOR USE

- 1.Shake the bottle before use. Spray on the surface to be treated at a distance of 15-20 cm.
- 2.Apply the product with a soft, dry cloth, possibly made of cotton.
- 3.Ventilate the interior after application. In case of very old plastic parts repeat the operation.

WASH MITT

MICROFIBRE MITT FOR WASHING.

Double-sided microfibre mitt for the washing phase of detailing. The special microfibre and polyester filaments of this high performance mitt capture dirt safely, giving a lubricated and smooth effect, releasing it once the mitt is immersed in a bucket. In addition, its sponge thickness offers high water absorption, essential during this phase. To prevent damage, this mitt is ideal for use with the aid of large buckets (we recommend Det Bowl) and with a grille on the bottom to avoid leaving residues in the microfibre that would cause damage to the surface.

DIRECTIONS FOR USE

Bean is disassembled inside each pack. Both parts of the Bean body are included in a poly bag that allow the fragrance not to disperse before use. The two parts are to be joined together and Bean will be ready for use. Install it by simply applying it to the air vents of your vehicle, switch the ventilation system on to the desired speed.

OZONE MACHINE

Small size ozone generator for easy transport and use in any type of environment, both do-it yourself and professional.

The treatment time depends on the size and type of area to be treated.

We recommend reading the technical data sheet

Supplied with timer

Electric input : AC220V

Ozone Output: 20000 mg/hour

Cooled with fan.

Dimensions(in cms): 29 x 20 x 18

Technical Specifications

Weight	2.3 KG
Power	160 W
Timer	Mechanical
CE Mark	YES
Ozone Output/hour	20 gr/h
Case Material	Stainless Steel
Foot	ABS
Base board	PCB
Fan	120 mm
Power button	YES
Cable	Detachable EU 2 pin plug
Fan Protech cover	YES

PACKAGING
1 pc
